

THE CONTINUUM CONCEPT

UK Talk Tour 2008

with JEAN LIEDLOFF

Jean Liedloff, an American writer, spent two and a half years deep in the South American jungle with Stone Age Indians. The experience demolished her Western preconceptions of how we should live and led her to a radically different view of what human nature really is. She offers a new understanding of how we have lost much of our natural well-being and shows us practical ways to regain it for our children and for ourselves.

This is a unique opportunity to share in Jean Liedloff's experiences and stories. The Continuum Concept was most recently featured in Channel 4's series 'Bringing Up Baby', having been chosen as one of the three most influential parenting books of the 20th Century. During each talk there will be an opportunity for questions. This is her first UK visit in 20 years, during which time the book has become a worldwide bestseller.
